Plan Description

Rooted in simplicity and harmony, Zen Prairie blends Scandinavian style with modern barndominium living. Clean vertical and horizontal lap siding pairs beautifully with a sleek metal roof, setting a serene tone from the curb. Inside, 1,941 sq. ft. of thoughtfully designed space welcomes you with a dedicated entry that flows into a stunning open-concept kitchen, dining, and great room. A soaring cathedral ceiling, abundant windows, and a cozy fireplace create an airy yet grounded retreat. Three spacious bedrooms and two bathrooms provide comfort and functionality, while a 900 sq. ft., 3-car garage offers generous space for vehicles, storage, or a workshop. Zen Prairie is where Nordic calm meets open prairie freedom—crafted for those who value light, space, and timeless design.
